

Declaration of Compliance with the Rules of Good Scientific Practice for Privatdozents and Adjunct Professors

Name _____

First name _____

Date of birth _____

I hereby declare

- that as _____ (add relevant role: privatdozent; adjunct professor) at the University of Zurich I will comply with the rules of good scientific practice, both in my role at the University and in any other professional activities I engage in,
- that in my research and publishing activities I will not, among other things,
 - fabricate, wrongfully remove, suppress or falsify data,
 - distort visual data or images,
 - manipulate research materials or devices,
 - interfere with or disrupt other people's research activities,
 - omit or incorrectly list any sources (including my own past publications) in my publications,
 - exclude from the list of authors in my publications anyone involved in the project who made a significant scientific contribution to it, or include anyone who hasn't,
 - claim other people's work or research findings as my own.

I undertake to

- keep myself informed about the rules of good scientific practice and the latest standards in this area.

I acknowledge that

- the University of Zurich may initiate proceedings for scientific misconduct against me in case of violations of the rules of good scientific practice based on the relevant legal basis¹.

¹ Currently: Framework Ordinance on Adjunct Professorships at the University of Zurich dated 16 December 2019 (*Rahmenverordnung über die Titularprofessur an der Universität Zürich vom 16. Dezember 2019*, RVO TP; LS 415.24), Framework Ordinance on Habilitations at the University of Zurich dated 16 December 2019 (*Rahmenverordnung über die Habilitation an der Universität Zürich vom 16. Dezember 2019*, RVO Habil; LS 415.23), Ordinance on Handling Scientific Misconduct at the University of Zurich dated 25 May 2020 (*Verordnung über den Umgang mit wissenschaftlichem Fehlverhalten an der Universität Zürich vom 25. Mai 2020*, Integritätsverordnung; LS 415.27).

- the University of Zurich may take steps against me in case of violations of the rules of good scientific practice, in particular:
 - legal measures under Swiss federal or cantonal employment law (incl. terminating the employment relationship without notice),
 - for privatdozents: withdrawal of the *venia legendi* and revocation of the title of privatdozent,
 - for adjunct professors: denial of extension or revocation of the title of professor,
 - temporary or permanent exclusion from the University,
 - reduction, suspension, withdrawal or recovery of research funds.

I confirm that

- there are currently no ongoing proceedings against me for suspected scientific misconduct at the University of Zurich or any other institution in Switzerland or abroad,
- neither the University of Zurich nor any other institution in Switzerland or abroad has found any scientific misconduct on my part, nor have any measures for scientific misconduct been taken against me.
